Product information

This family of tables charms from the moment you first set eyes on one. The table top, with its wood from well-managed forests, refined edges and eco-friendly Forbo furniture linoleum desktop, looks at home in any office, or indeed home. And there are several shapes, sizes and colours to choose from.

But their true beauty may be revealed over a longer timescale. Tastes change. Table tops

inevitably wear out from the daily assault their users place on them. That's why the Oval's legs are easily detachable – they can be attached to new wood, or worked into new forms. When one part fails, there is no need to replace the entire table.

Thus, we can help work towards a lower lifetime material footprint. And your Oval table can evolve with you, as you live and work.
